

## IFRA CONFORMITY CERTIFICATE

Customer: **KAROL JASKOWIAK**  
Product: **METHYL ANTHRANILATE**

We certify that the above-mentioned product is in compliance with the Standards of the International Fragrance Association (IFRA) up to and including the 51st Amendment to the IFRA Standards (published June 2023), provided it is used in the following categories at a maximum concentration level of <sup>(1)</sup>:

Category 1	40%	<sup>(2)</sup>	Category 7A	Not restricted
Category 2	40%		Category 7B	40%
Category 3	40%		Category 8	40%
Category 4	40%		Category 9	Not restricted
Category 5A	40%		Category 10A	Not restricted
Category 5B	40%		Category 10B	40%
Category 5C	40%		Category 11A	Not restricted
Category 5D	40%		Category 11B	40%
Category 6	Not restricted	<sup>(2)</sup>	Category 12	Not restricted

<sup>(1)</sup> the concentration of a fragrance ingredient should not exceed the usual concentration of the fragrance compound in the finished product.

<sup>(2)</sup> IFRA would recommend that any material used to impart perfume or flavour in products intended for human ingestion should consist of ingredients that are in compliance with appropriate regulations for foods and food flavourings in the countries of planned distribution and, where these are lacking, with the recommendations laid down in the Code of Practice of IOFI (International Organisation of the Flavour Industry).

Please note this certificate does not include food status conformity check. A separate document, which may be available depending on the product, is needed for such purpose.

Contains the following substances restricted by IFRA standards:

**METHYL N-METHYLANTHRANILATE**

< 0,25%

and complies with the latest IFRA specification.

Note: Methyl N-methylantranilate has been identified for having the potential of forming nitrosamines in nitrosating systems. Adequate protective measures may be considered.

This certificate provides restrictions for use of the specified product based only on those materials restricted by IFRA Standards for the toxicity endpoint(s) described in each Standard. It does not provide certification of a comprehensive safety assessment of all product constituents.

Version Date: 6 November 2023
